CLINICAL VACCINOLOGY COURSE

November 15-17, 2013
Cambridge, MA

SPONSORED BY:

**National
Foundation for
Infectious
Diseases**

AND

The Emory Department of
Medicine, Division of
Infectious Diseases,
and the Emory Vaccine Center

www.nfid.org

COURSE OVERVIEW

Vaccines are one of the greatest success stories in public health, yet immunization rates remain notably low. Numerous factors are involved in the suboptimal vaccination rates, including the lack of access to care, financial barriers, education, and patient attitudes or misconceptions. Healthcare providers (HCPs) need to be well acquainted with current vaccination recommendations and must be equipped with strategies for implementing vaccine recommendations in their clinical setting.

This course focuses on new developments and issues related to the use of vaccines. Expert faculty will provide the latest information on both current and prospective vaccines, updated recommendations for vaccinations across the lifespan, and innovative and practical strategies for ensuring timely and appropriate vaccination.

COURSE FORMAT

The course includes didactic presentations, clinical case discussions, and meet the expert small group interactions. Each presentation will be interactive with problem-based learning and case presentations where appropriate. Attendees will be encouraged to utilize an audience response system and participate in lively and stimulating question and answer discussions.

WHO SHOULD ATTEND

- Nurse Practitioners
- Nurses
- Pharmacists
- Physician Assistants
- Physicians
 - Family
 - Infectious Disease Specialists
 - Internists
 - Primary Care
 - Pediatricians
- Public Health Professionals
- Vaccine Program Administrators
- Other healthcare professionals interested in clinical aspects of vaccine delivery

COURSE OBJECTIVES

This course will provide the latest information on important developments in clinical vaccinology and the use of vaccines. At the conclusion of this course, participants will be able to:

- Describe how vaccines work in providing individual and community immunity
- Describe the current Advisory Committee on Immunization Practices (ACIP) immunization recommendations across the lifespan and summarize recent updates
- Describe indications, contraindications, efficacy, and safety profiles for routinely recommended vaccines as well as those for special circumstances, including immunocompromised individuals, immigrants, international adoptees, and international travelers
- Recognize attitudinal, knowledge, and

other barriers contributing to suboptimal vaccination rates

- Develop strategies to increase vaccination rates and identify best practices for implementing or improving immunization programs in specific practice settings
- Implement innovative and practical strategies to improve communication with patients, parents, and caregivers about the risks and benefits of vaccination

ACCREDITATION

Continuing Medical Education

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the National Foundation for Infectious Diseases, the Emory Department of Medicine, Division of Infectious Diseases, and the Emory Vaccine Center. The National Foundation for Infectious Diseases (NFID) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. NFID designates this live activity for a maximum of 21.75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Continuing Nursing Education

This activity has been approved by the Ohio Nurses Association for 21.75 contact hours. The Ohio Nurses Association (OBN-001-91)

is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

Continuing Pharmacy Education

PharmCon is accredited by the Accreditation Council for Pharmacy Education as a provider for continuing pharmacy education. This activity has been approved for a maximum of 21.75 credit hours.

Contact NFID at idcourse@nfid.org for questions about continuing education credit.

SUPPORT

Multiple funding sources will be solicited to provide unrestricted educational grants in support of the course. Supporters will be acknowledged in course materials.

DISCLOSURES

It is the policy of NFID to ensure balance, independence, objectivity, and scientific rigor in all of its educational activities. All individuals in a position to control the content of the activity have disclosed relevant financial relationships with the manufacturer(s) of any commercial product(s), provider(s) of commercial services discussed in an educational presentation, and/or any commercial supporters of the activity. Disclosure information is reviewed in advance to manage and resolve any real or perceived conflict of interest that may affect the balance and scientific integrity of an educational presentation.

REGISTRATION AND FEES

NOVEMBER 15-17, 2013

Cambridge, MA

Early Registration Deadline: **September 30, 2013.**

Early Registration Fee	\$.650
NFID Supporting Member	\$.550
Trainee*†	\$.350
Nurses †	\$.350
Daily	\$.350
Full Registration Fee	\$.750
NFID Supporting Member	\$.650
Trainee*†	\$.450
Nurses†	\$.450
Daily	\$.450

†Verification of status must be provided in the form of a letter from your program director or for nurses, a copy of your valid nursing license.

For group registrations (10 or more) please contact NFID at 301-656-0003.

To register, visit www.nfid.org and follow the link to the Clinical Vaccinology Course. You may also download and print a registration form from the website.

To qualify for the Early Registration fee, a **COMPLETE REGISTRATION FORM WITH PAYMENT** must be received at the NFID office by 5:00 PM ET on the early registration deadline. Registrations received after the early registration deadline will be processed at the higher rate.

HOTEL ACCOMMODATIONS

A limited number of guest rooms have been reserved for attendees:

NOVEMBER 15-17, 2013

Boston Marriott Cambridge

Two Cambridge Center

50 Broadway

Cambridge, MA 02142

617.494.6600

\$179.00 per night, single/double plus tax

Reservation Deadline: **October 24, 2013**

To make a reservation, visit <http://bit.ly/10IXBed> or call the hotel and indicate you are attending the Clinical Vaccinology Course to receive the special conference rate. Reservations should be made as soon as possible to secure the course rate. The room block is limited, and available space is not guaranteed.

A small block of rooms have been reserved at the prevailing per diem rate for employees of the US Federal Government. **To obtain the government rate, identify yourself as a US Government employee when you call to make your reservation.** Proof of employment status will be required upon check-in.

FRIDAY NOVEMBER 15, 2013

- 7:15 am–4:00 pm Registration
- 7:15 am–8:00 am Continental Breakfast
- 8:00 am Welcome and Introductions

■ Opening Session

- 8:15 am An Overview of Vaccinology
- 9:00 am Communicating about Vaccines
- 9:45 am Questions and Answers
- 10:15 am Coffee Break

■ Session 1: How Vaccines Work

- 10:30 am Protective Immune Responses to Vaccines
- 11:00 am What is in Vaccines and Why?
- 11:30 am Questions and Answers
- 12:00 pm Lunch (on your own)

■ Session 2: The Advisory Committee on Immunization Practices (ACIP)

- 1:00 pm Update on Vaccine Recommendations
- 1:45 pm Questions and Answers

■ Session 3: Childhood and Adolescent Immunization

- 2:15 pm Adolescent Immunizations: Strategies for Success
- 2:45 pm HPV Vaccines: Implementation and Safety Issues
- 3:15 pm Coffee Break
- 3:30 pm Respiratory Syncytial Virus: Approaches to Disease Prevention
- 4:00 pm Communicating with Parents about Vaccination
- 4:30 pm Questions and Answers
- 5:00 pm Adjourn

SATURDAY NOVEMBER 16, 2013

- 7:15 am–4:00 pm Registration
- 7:15 am–8:00 am Continental Breakfast
- 7:15 am–7:50 am Meet the Experts Breakfast Roundtables

■ Saturday Keynote

- 8:00 am Pneumococcal Vaccines Across the Lifespan
- 8:45 am Questions and Answers

■ Session 4: Adult and Adolescent Immunization Challenges

- 9:15 am Immunizations in Older Adults
- 9:45 am Recent Changes and Future Challenges in Meningococcal Vaccines
- 10:15 am Coffee Break
- 10:30 am Immunization of Healthcare Personnel: The Good, the Bad, and the Ugly
- 11:00 am Communicating with Healthcare Professionals
- 11:30 am Questions and Answers
- 12:00 pm Lunch (on your own)

■ Session 5: Childhood Immunization Challenges

- 1:00 pm Pertussis Vaccine Update
- 1:30 pm The Effect of Combination Vaccines on the Vaccine Schedule
- 2:00 pm Rotavirus Infection and Prevention
- 2:30 pm Questions and Answers
- 3:00 pm Coffee Break

■ Session 6: Special Vaccine Issues

- 3:15 pm Safety in Numbers: Understanding Post-Licensure Vaccine Safety Monitoring
- 3:45 pm Controversies and Hot Topics in Vaccine Safety
- 4:15 pm Case Study: Legal Obligations Including Compensation for Vaccine Injuries
- 4:45 pm Maternal Immunizations
- 5:15 pm Questions and Answers
- 5:45 pm Adjourn

SUNDAY NOVEMBER 17, 2013

- 7:00 am–9:00 am Registration

■ Breakfast Panel Discussion

- 7:00 am Increasing Vaccination Rates through the Immunization Neighborhood

■ Sunday Keynote

- 8:00 am Influenza Vaccine: Strains, Supply, and Schedule: Giving the Right Dose at the Right Time
- 8:45 am Questions and Answers

■ Session 7: Clinical Cases in Vaccinology

- 9:15 am Clinical Cases in Vaccinology
- 10:45 am Coffee Break

■ Session 8: Special Populations

- 11:00 am Immunization in HIV and Other Immunocompromised Children and Adults
- 11:45 am Public Health and Provider Partnerships to Improve Immunization Across the Lifespan
- 12:15 pm Travel Vaccines: Don't Leave Home Without Them
- 1:00 pm Questions and Answers
- 1:30 pm Adjourn

**EARN UP TO 21.75
CONTINUING
EDUCATION CREDITS**

COURSE CO-CHAIRS

Monica M. Farley, MD
Professor of Medicine
Emory University School of Medicine
Atlanta VA Medical Center
Atlanta, GA

Mark J. Mulligan, MD
Professor of Medicine
Associate Director for Clinical Trials
Executive Director, The Hope Clinic
Emory Vaccine Center
Decatur, GA

Walter A. Orenstein, MD
Professor of Medicine, Global Health, and Pediatrics
Emory Department of Medicine
Associate Director
Emory Vaccine Center
Emory University
Atlanta, GA

Susan J. Rehm, MD
Medical Director
National Foundation for Infectious Diseases
Vice Chair of the Department of Infectious Diseases
Cleveland Clinic
Cleveland, OH

Patricia A. Stinchfield, RN, MS, CPNP
Director, Infectious Disease and Immunology
Children's Hospitals and Clinics of Minnesota
St. Paul, MN

INVITED FACULTY*

Evan J. Anderson, MD
Assistant Professor of Pediatrics and Medicine
Emory University School of Medicine
Atlanta, GA

Nichole Bobo, RN, MSN
Director of Nursing Education
National Association of School Nurses
Silver Spring, MD

Amanda C. Cohn, MPH
Medical Epidemiologist
Centers for Disease Control and Prevention
Atlanta, GA

Geoffrey Evans, MD
Former Director, Division of Vaccine Injury
Compensation
US Department of Health and Human Services
Potomac, MD

Paul A. Goepfert, MD
Professor of Medicine and Microbiology
Director, Alabama Vaccine Research Clinic
University of Alabama at Birmingham
Birmingham, AL

Michael D. Hogue, PharmD
Interim Dean, McWhorter School of Pharmacy
Samford University
Birmingham, AL

Nancy Ivanssek, PA-C, MA
Department of Infectious Diseases
Cleveland Clinic
Cleveland, OH

Wendy A. Keitel, MD
Professor, Molecular Virology & Microbiology
and Medicine
Baylor College of Medicine
Houston, TX

Jay S. Keystone, MD, MS (CTM)
Tropical Disease Unit
Toronto General Hospital
Professor of Medicine
University of Toronto
Toronto, Ontario, Canada

Susan M. Lett, MD, MPH
Medical Director, Immunization Program
Massachusetts Department of Public Health
Boston, MA

Noni E. MacDonald, MD, MS
Professor of Pediatrics
Dalhousie University
Past Chair, Health Policy and Translation
Canadian Centre for Vaccinology
IWK Health Center
Halifax, Nova Scotia, Canada

Laurie E. Markowitz, MD
Team Lead
National Center for HIV, Viral Hepatitis, STD, and
TB Prevention
Centers for Disease Control and Prevention
Atlanta, GA

Alison C. Mawle, PhD
Associate Director for Laboratory Science
National Center for Immunization and
Respiratory Diseases
Centers for Disease Control and Prevention
Atlanta, GA

H. Cody Meissner, MD
Professor of Pediatrics
Tufts University School of Medicine
Chief, Division of Pediatric Infectious Diseases
Floating Hospital for Children at Tufts Medical
Center
Boston, MA

Amy B. Middleman, MD, MPH, MEd
Associate Professor of Pediatrics
Baylor College of Medicine
Houston, TX

Seth Mnookin
Author, *The Panic Virus*
Co-director, MIT Graduate Program in Science
Writing
Massachusetts Institute of Technology
Cambridge, MA

Kelly L. Moore, MD, MPH
Director, Tennessee Immunization Program
Tennessee Department of Health
Assistant Clinical Professor of Preventative
Medicine
Vanderbilt University School of Medicine
Nashville, TN

Matthew R. Moore, MD, MPH
Medical Epidemiologist
Centers for Disease Control and Prevention
Captain
United States Public Health Service
Atlanta, GA

Walter A. Orenstein, MD
Professor of Medicine, Global Health, and
Pediatrics
Emory Department of Medicine
Associate Director
Emory Vaccine Center
Emory University
Atlanta, GA

Larry K. Pickering, MD
Senior Advisor to the Director
National Center for Immunization and
Respiratory Diseases
Executive Secretary, Advisory Committee on
Immunization Practices
Centers for Disease Control and Prevention
Professor of Pediatrics, Emory University School
of Medicine
Atlanta, GA
