<p>New Business</p>	<ul style="list-style-type: none"> <li>- NH Pediatric Improvement Partnership- Holly Tutko. Nhpip is an organization with the goal to improve healthcare quality for all NH children through the use of systems and measurement-based quality improvement processes. Current projects: 1. NH Mental Health Care Access in Pediatrics to Support pediatric and family practice clinicians in addressing mental health needs of pediatric patients. There is an ECHO planned for 2022 “Promoting Child and Family Resilience and Healing in a Pandemic”. They have created a Pediatric Behavioral Health Referral Directory which is a searchable database of pediatric NH BH service providers. 2. Trauma-informed care in Pediatrics Practice to Enhance clinician knowledge about trauma-informed care.</li> <li>- Dr. Oral- director of the Child Advocacy and Protection Program at Dartmouth. She is looking for opportunities to make CAP better known to FM providers. They have a provider on call 24/7 to answer questions from us. They take referrals from PCPs for children who were screened out after being presented to DCYF. They have created educational modules for PCPs to learn how to identify and report child abuse and are looking to get the knowledge out to our community.</li> <li>- Healthcare Workers for NH Climate Action- Dr Dewey. Organization mission is: As healthcare workers are uniquely positioned to increase public awareness of the links between health and climate change, we seek to provide NH healthcare workers the tools to educate and mobilize the public in support of climate solutions to improve health for all. Goal to educate that medical and mental health effects of climate change are real and significant. NHClimateHealth.org</li> </ul>
